Understanding Real Estate in Real Time

*Business Technology &
Information Systems Forum*

Thursday
May 15, 2008
3:00pm – 5:00pm

Omni Shoreham
Empire Room
Lower Level

Speakers:

*Mark Lesswing, NAR
Errol Samuelson, REALTOR.com®*

*J. Lennox Scott, John L. Scott Real Estate
Dale Meitzen, MeshLinx Wireless, Inc.*

Topic:

The importance and future of high speed, wide area wireless networks in real estate transactions will be identified and analyzed during our information packed, informative presentation. Hear how these networks are changing the way business is being conducted and the implications for the future. Each presenter shares their perspective of real estate in real time.
